

ASA Minutes 2/15/07

Present: Alex, Aaron, James, Jen, Mike McGraw, Tim

Mailboxes:

Slot vs. Non-slot

Packages are generally taken to the SLP office.

4 in x 5 in. Option and 14 in. Deep boxes- too small?

No slots on small boxes but just maybe drop or bigger sized ones.

35 mailboxes in one box

James can call to make sure they are front loading.

Maybe, we can wait on getting bigger boxes.

Decision: one 35 small & one big one

Meeting with New Groups that have applied

Aaron to send out email for them to come this Monday at 5:00

Tuesday at 5:00 if they can't make it on Monday

Vote on Thursday

Webforms

FYSM and Mailboxes should be combined on same form.

Alex has the exact wording and postings.

We will advertise FYSM URL no matter what, but the question is whether or not we should send out CD's, just hand them out when they arrive, or not even have one.

Activities Fair should have its own webform. On this one, if they want electricity and A/V, it may cost the groups something for those luxuries.

CAC Money

We're considering taking \$20k allotted to us and trying to find additional funding to go with it. This money might then be used for the online card readers for the student center 4th floor student offices. It's all in consideration at this point. No decision has been made.

Provisional Checks

Jen to send Alex the stuff that she has already done.

Meeting adjourned.
